PROFESSIONAL SUMMARY

Final Year Computer Science Student with strong knowledge in Python, Flutter, HTML, CSS and Android Studio. Seeking an entry-level software developer role to apply technical skills in mobile and web application development, contribute to innovative projects, and grow within a collaborative team environment.

INTERNSHIP EXPERIENCE

Software Development Intern

DOOZY Info Software Solutions, Tuticorin
July 2025 (1 month)

- Completed a one-month certified internship, gaining hands-on experience in a professional software development environment.
- Worked on real-time software projects, utilizing technologies such as Flutter, Android, and databases.
- Collaborated effectively with experienced IT professionals, adhering to software development best practices.
- Enhanced technical skills in mobile app development, API testing, and backend integration, as well as critical soft skills like teamwork and communication.

PROJECTS

Headset Videos

Flutter, REST API, Postman

- I Created a mobile app using Flutter that shows and plays videos. First, I tested the backend API using Postman, then I connected that API to my app.
- The app fetches video details like title and URL from the server and plays the videos inside the app. I also built the APK file so it can be installed and tested on real Android devices.

Document Summarizer

Bard API, Team Project

- Developed a tool using Bard API to convert lengthy documents into concise summaries. Enabled users to quickly understand key points without reading the full text.
- Collaborated with team members to design workflow, integrate API, and test outputs for accuracy. Gained hands-on experience in API integration, text processing, and teamwork.

EDUCATION

Bachelor of Engineering in Computer Science

Holy Cross Engineering College, Anna University, Tuticorin
2022 - 2026
Currently in final year with a CGPA of 7.92/10

Higher Secondary (12th)

Victoria Girls Higher Secondary School, State Board, Tuticorin
2020 - 2022
Secured 65%

TECHNICAL SKILLS

- Programming Languages: Python , C
- Web Technologies: HTML, CSS
- Framework / SDKs: Flutter
- Tools / IDEs: Android Studio, VS Code
- Databases: SQL

SOFT SKILLS

- Adaptability & Quick Learning
- Problem - Solving
- Communication
- Teamwork & Collaboration
